25X1A 4. (Confidential - GLC) Talked with Congressman Watkins M. Abbitt (D., Va.) concerning Mr. John E. Nimitz of Hopewell, Va., a friend and constituent of Abbitt's who recently traveled to [REDACTED] and indicated to the Congressman his desire to talk with CIA representatives. Arrangements have been made through the [REDACTED] for a debriefing of Nimitz at his place of business [REDACTED]

25X1C 5. (Secret - GLC) Met with Richard Arens, Staff Director of House Un-American Activities Committee, and advised him that we were making [REDACTED] available to the Senate Internal Security Subcommittee. Arens was perfectly agreeable to this commenting that HCUA had [REDACTED] He added that he was perfectly agreeable with any reasonable system which we worked out in making [REDACTED] available so long as we did not make the same man available to both Committees.

25X1C In connection with his request for information on Walter Pincus, one of two reporters now writing a series of articles on financial abuses by members and committees of the Congress. I informed him that as he would recall when we included Pincus' name in a list of possible witnesses for the committee in the youth festival hearings, we did not in any way vouch for them. Pincus was included in the list because he had demonstrated leadership qualities and had signed for the U.S. delegation a statement to the effect that the youth festival was nothing more than a communist propaganda campaign. Arens would like any additional information which we can provide on Pincus. He stated in some detail discussions which he had with Pincus on the subject of expenditures by HCUA members and staff. He added that in interviewing Pincus in connection with the youth festival hearings, he was determined to be "anti-HCUA" and therefore was not used.

25X1C 6. (Secret - GLC) Delivered to Senate Immigration Subcommittee a blind memorandum on Mesrop Samolian.
